EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 13:

Line 21: before "channel" insert --guide--, delete "rail3" and substitute --rails--.

Line 26: delete "rail" and substitute --rails--.

Line 45: delete "edges" and substitute --edge--.

Line 48: delete "member" (second occurrence) and substitute --members--.

Claim 13 is allowed. It is noted that the above changes were needed to correct minor informalities. Further, on line 21, --guide-- was added to provide antecedent basis for "the guide channels" defined on line 30 and on lines 21 and 26, "rail" and "rail3" were changed to --rails-- to provide antecedent basis for "the guide rails" defined on line 30 (also see page 4, line 26 of the specification).
